

QualityMark®

ENJOY ADDED PEACE OF MIND

Your home closing is coming, and you're anxiously counting the days. As we wrap up the final finishes, we want to make sure everything has been completed so that it meets our high standard for quality construction.

To ensure that happens, Epcon employs QualityMark®. It's a quality control process managed independently from our construction crews. Staffed with experts who can provide a fresh eye, the QualityMark® process is a thorough inspection of your home several days prior to closing.

As the QualityMark® inspectors go through your home, they will make a list of any items that need attention or correction. Epcon then takes the necessary steps to correct them before you move in. Our goal is to deliver a beautiful new home that is move-in ready at closing, not months down the road.
